- B. The Staff Development Committee must demonstrate to the school board the extent to which staff have met the outcomes of the Staff Development Plan. The

actual reports to the school board can be made by the Staff Development or World's Best WorkForce (WBWF) Committee to avoid duplication of effort.

- C. If the school board determines that staff development outcomes are not being met, it may withhold a portion of the initial allocation of revenue referenced in Section V. below.

IV. STAFF DEVELOPMENT FUNDING

- A. Unless the school district is in statutory operating debt or a majority of the school board and a majority of its licensed teachers annually vote to waive the requirement to reserve basic revenue for staff development, the school district will reserve an amount equal to at least two percent of its basic revenue for: in-service education for violence prevention programs to help students learn how to resolve conflicts within their families and communities in non-violent, effective ways; staff development plans; curriculum development and programs; other in-service education; teachers' workshops; teacher conferences; the cost of substitute teachers for staff development purposes; preservice and in-service education for special education professionals and paraprofessionals; and other related costs for staff development efforts. The school district also may use the revenue reserved for staff development for grants to the school district's teachers to pay for coursework and training leading to certification as either a college in the schools teacher or a concurrent enrollment teacher. In order to receive a grant, the teacher must be enrolled in a program that includes coursework and training focused on teaching a core subject.
- B. The school district may, in its discretion, expend an additional amount of unreserved revenue for staff development based on its needs.
- C. Release time provided for teachers to supervise students on field trips and school activities, or independent tasks not associated with enhancing the teacher's knowledge and instructional skills, such as preparing report cards, calculating grades, or organizing classroom materials, may not be counted as staff development time that is financed with staff development reserved revenue under Minn. Stat. § 122A.61.

Such budgets shall include, but not be limited to, projections as

to the cost of building site training programs, costs of individual staff seminars, and cost of substitutes.

- B. Upon approval of the budget by the school board, the Committee shall be responsible for monitoring the use of such funds in accordance with the Staff Development Plan and budget. The requested use of staff development funds must meet or make progress toward the goals and objectives of the Staff Development Plan. All costs/expenditures will be reviewed by the school board and/or superintendent for consistency with the Staff Development Plan on an annual basis.
- C. Individual requests from staff for leave to attend staff development activities shall be submitted and reviewed according to school district policy, staff procedures, contractual agreement, and the effect on school district operations. Failure to timely submit such requests may be cause for denial of the request.

VI. REPORTING

- A. The school district and staff development committee shall prepare a report of the previous fiscal year's staff development activities and expenditures as part of the school district's world's best workforce report.
 - 1. The report must include assessment and evaluation data indicating progress toward district and site staff development goals based on teaching and learning outcomes, including the percentage of teachers and other staff involved in instruction who participate in effective staff development activities.

- B. The report will be signed by the superintendent and staff development chair.
